Walk lasted between 12:00 and 14:21. Tournament Park was closed.

We set the record for a week 50! We got 30 species, breaking the old record by 2. Prize birds were the Oak Titmouse and House Wren. The Gulls flying over were nice too. Mainly the 30 is a

nice, hard to reach number. Last time we reached that or better was week 7, 2/16/2021. I think it helped a lot that there was pouring rain the previous day. The birds were out and active!
